

Howard Audio - the audio company with many facets

Issued by [Howard Audio](#)

There are so many exciting facets to Howard Audio - being able to offer our clients a wide range of music and audio services.

Not only can we compose, arrange and re-record but we're final mix aficionados for TVCs, radio spots, branded content in multiple languages and more. We have been the preferred audio supplier to Ministry Of Illusion for over 10 years.

We also have our own extensive library music licence from Getty and can also assist in clearing music rights on any song.

Original music and re-records, keeps us with our nose to the grindstone. Here are a few pieces we composed in the past few months. They've also picked up a couple of awards along the way!

[Alan Gray - "Fathers Share" - original music featuring Adam Howard on trumpet.](#)

Campaign Gold Loerie 2018. Agency - King James II.

[Hugh Masekela - "In Memoriam" - featuring Adam Howard on trumpet.](#)

Craft Bronze Loerie 2018 for music. Agency - Havas.

[Maq Auto - "Graduation".](#)

A funky/jazzy re-record of "This little light of mine" for Bliss Brands and Creatrix.

We're proud to announce that two new engineers have joined the Howard Audio team this year - Tlotleho Mohlahlane (CLU) (ex Madhaus) and Paul Theodorou (ex Freq'ncy) to handle all of Howard Audio's final mix projects.

The Howard Audio team

As a recording facility - we are very proud of the album and music projects we have recorded this year. We recently had William Kentridge in studio recording music for his exhibition at the Goodman Gallery - "Kaboom!". Other musicians who have recorded albums here this year include Jonathan Roxmouth, Marc Duby, Swing City and Wonderboom.

Adam Howard is also the owner and Musical Director for the [Johannesburg Big Band](#) - a bespoke 17-piece swing orchestra - who have performed with the likes of Soweto Gospel Choir, The Parlotones, Joseph Clark, Timothy Moloi and Swing City.

Keep us in mind for any projects that may require music or audio - we are always happy to be involved at the pitch process and we are always keen to create pilots.

We'd love to see you in studio soon - making music or audio magic!

Regards, the Howard Audio team.
