

Breakpoint named Nutanix Cloud Champion partner

Breakpoint, a provider of monitoring and test automation solutions for enterprises, has been named a Cloud Champion partner. Cloud Champions are the top partners of Nutanix's Elevate Reseller Partner Programme. This result reflects Breakpoint's expertise and deep set of skills in Nutanix sales, technical and service delivery areas.

As part of achieving Cloud Champion status, Breakpoint must ensure that a sufficient number of sales, technical and support personnel have completed the Nutanix product training and passed the certification exams. Additionally, Breakpoint's sales and technical personnel must stay current with product and solution training as updates are released.
