

Glenn du Toit promoted to country manager for South Africa at Acer

Glenn du Toit has been promoted from general manager to country manager at Acer. This is exciting news for the company as it continues to serve the South African consumer, education and enterprise markets.

Glenn joined Acer six years ago and was promoted to general manager of Acer Africa in April 2020. He previously led Acer Africa's consumer business expansion into the African market. Experienced in retail and wholesale, Glenn is well versed in the latest technology, omnichannel retailing, and the impact of technology on customer behaviour.

At Acer, he helped develop digital and cloud solutions for the company's ongoing digital transformation. As well as complex channel management, he has been actively involved in various levels of operational management.
