

Coca cola the best branded product ever?

Coca cola has been producing adds that are just the best branded ever, or so i think. What is your comment? Think about the always Coca cola, Coca cola summer splush. i can go on. Are they the best or what? BRRRRRRRRRRRRRRRRRR. Makes a meal.

Most brands are just aboput offering substandard add like the Safari add that we had sometime back, Coca cola just out does itself. i am motivated by their branding. Always.
