

Sales, Marketing, Internet Marketing, Social Media

Would the above complement or blend with a sales personality?

Hi all,

After a few years in sales, then being retrenched, I moved to Thailand, where I've been teaching English for the last three years. I'm now 41 with growing anxiety on what "next step" to take. I've done well in sales, and wondering if courses in the above fields could be beneficial?

I've seen the courses offered through 'Get Smarter' (affiliated with UCT), but am wondering if anyone perhaps know of other courses offered? I was told I could even look at online courses offered in India!

I'd appreciate any suggestions.
