

Realmdigital signs on charitable organisation

The Desmond Tutu HIV Foundation has recently signed on with Realmdigital. The DTHF is a registered non-profit organisation in Cape Town which is developing new approaches to HIV research, prevention, treatment and management. The Foundation has sites in Gugulethu, Nyanga, Crossroads, and a soon to be completed youth centre in Masiphumelele. Their head office is based at the University of Cape Town's Medical School.

Realmdigital is extremely honoured to be a part of such a noteworthy cause.
