

2016 ECO Film Festival calls for submissions

The third South African ECO Film Festival, organised by Cape Town-based NPO While You Were Sleeping (WYWS), will take place 30 March - 3 April 2016 in Cape Town at The Labia Theatre. The festival screens feature-length documentary films, and welcomes shorts which can screen before features, or (dependent on length) as stand alone programmes with opportunities for Q&A with the filmmakers. The cut-off date for submissions is 14 January 2016. Send a screening DVD (or provide password for secure Vimeo), together with any other relevant information, to The South African Eco Film Festival, 70 Queen Victoria Road, Claremont 7708, South Africa or email bfd@butterflyeffect.co.za for more info.
