

#BeautifulNews: Crunching numbers is child's play for this maths genius

Stiaan Scheepers starts his day doing what most kids fear – maths. Addition, subtraction, fractions and division are child's play to him. Scheepers is a nine-year-old mathematical prodigy capable of crunching complex sums at exhilarating speeds. Numbers don't intimidate Scheepers. Not when he's faced far worse.

Read Stiaan Scheepers' full story [here](#).
