Once shoppers have narrowed down their selection they can compare up to three vehicles in detail via the innovative compare function, which facilitates comparisons of more than 30 criteria including dimensions, weights and capacities, a variety of engine specifications, tyre sizes and many more.

The South African vehicle market offers motorists an unprecedented number of options with a myriad of manufacturers, models and derivatives to choose from. This variety is reflected in the pre-owned vehicle market too.

Since its launch in 2020, the website [motus.cars](#) has revolutionised online vehicle-shopping in South Africa by listing all the cars, motorcycles and trucks available from more than 350 Motus dealerships around South Africa on one single website. With more than 10,000 cars alone on display in this online vehicle showroom, car shoppers are sure to find the exact vehicle for their current needs at the mileage and price that suits their pocket.

What makes [motus.cars](#) different is that all vehicles listed on the motus.cars website are owned by Motus dealerships. As such there are no classified or private advertisements, allowing customers to shop with confidence in knowing that they are dealing with a reputable brand.

The vehicles offered for sale on motus.cars include new, demo and used cars covering all the segments of the South African vehicle market and therefore offers unrivalled variety.

Motus understands that people's vehicle needs and wants change over time and the new motus.cars advertising campaign showcases that whatever car you're searching for you can find it on motus.cars and is centred around lifestyle choices and milestones.

[Motus.cars](#) allows the group to list all our stock in one place, effectively making motus.cars SA's largest true online vehicle showroom, ensuring that motorists are almost guaranteed to find the right vehicle for their current needs.
