Moremi Game Reserve covers most of the eastern side of the Okavango Delta and combines permanent water with drier areas. It was rated one of the most beautiful game reserves in Africa and is ideal for travellers looking to experience an authentic African safari experience.

Game viewing is excellent year-round - expect to encounter migratory and endangered wildlife such as elephants, Red lechwe, giraffes, buffaloes, zebra as well as predators such as lions, cheetahs, and hyenas. The reserve also boasts spectacular bird watching - it is estimated to be home to close to 400 bird species.

If you're planning a Moremi Game Reserve safari in Botswana, here are 10 reasons why you should visit Moremi Game Reserve:
