

Fastjet travel advisory: Current travel conditions to and from Zimbabwe

Following reports that Zimbabwe's military leaders have seized control, deploying the military in Harare and placing Robert Mugabe and his family under house arrest, Fastjet has issued the following travel advisory:

Fastjet flights between South Africa and Zimbabwe and in-country are operating as per their normal schedule. Yet, we highly recommend guests to allow extra time ahead of their flight for check-in and screening procedures, as those may take more time than usual.

Fastjet is continually monitoring the situation in Zimbabwe and will update its guests and the travel industry should circumstances change.

The comfort and safety of fastjet's employees and Guests are a priority for the airline.
